Frequently Asked Questions

How far in advance do we need to book?

We suggest booking events at least 2-3 months in advance. This provides more likelihood that your requested date will be available—especially during peak seasons. Approvals are granted by onsite Government of Alberta representatives, and a contract will need to be signed to finalize the booking.

What should I bring?

Your photographer should have all necessary equipment for your shoot to ensure proper lighting. If your photographer has not had experience at the house, we suggest that they come in advance of the booking for a viewing to ensure they are prepared for your session.

Can we move furniture around?

Please ask a House Representative before touching anything, as only house personnel can handle the furniture and artifacts.

Can the curtains and blinds be adjusted?

The curtains and blinds are very delicate and cannot be adjusted. We recommend your photographer check out the space before your scheduled session to see what additional lighting equipment may be needed for your shoot.

Can we go on the balcony?

Yes, but there is a three person maximum at all times.

Is the house wheelchair accessible?

Yes, there is a handicap parking stall at the front of the house, which connects to a ramp that leads to the front entrance. Once inside, we have an elevator guests can use to get to the washrooms, which are located in the basement. The second floor, however, does not have elevator access.

*Rutherford House Provincial Historic Site was the home of the first Premier of Alberta, **Alexander Cameron Rutherford**. In 1911, A.C. Rutherford and his wife Mattie moved into this beautiful brick mansion near the university campus. The family entertained friends, relatives and influential Edmontonians for more than a generation. Today, this restored and furnished Post-Edwardian style home maintains the Rutherford tradition of hospitality and offers visitors a glimpse into the past with costumed interpreters, guided tours, and special events.*
